PARKING GARAGE INTERIOR & EXTERIOR LIGHTING

PARKING • STAIRWELLS • EXITS • EXTERIOR AREAS

IMPROVE

SECURITY • MAINTENANCE COSTS
APPEARANCE • ENERGY SAVINGS

PARKING GARAGE

INTERIOR PARKING • STAIRWELLS • EXITS

- Suited for both new and retrofit construction projects
- Products are designed to be surface and pendant mounted
- Reduce energy consumption and lower energy costs
- Provides visual comfort with minimal glare which increases safer driving
- LED's bright, uniform illumination reduces shadows and improves visibility
- Deliver ideal illumination that enhances visibility and safety throughout the garage, including in walkways & stairwells
- Improve security

OUTDOOR EXTERIOR PARKING • EXTERIOR WALLS

- Crisp, clean light that creates a welcoming and safe environment
- These product lines use high-performance LEDs and precise optics to produce superior levels of illumination and uniformity – enhancing safety, comfort and visibility
- Research has shown the importance of uniformity on perceptions of safety in parking lots. Studies show that when the average illuminance was the same, a more uniformly lighted parking lot looked substantially safer than a parking lot with lower uniformity.

PARKING GARAGE LIGHTING

By lighting your perimeter, parking areas and stairwells, you will make customers feel safe even at night.
