

DLC Premium Qualified Products

- ALL Atlas LED products (excluding WL20LED, WLM64LED, DD42LED5K) are DLC qualified
- Products listed below meet even higher standards for DLC Premium

What is DLC Premium? – DLC Premium is a higher-performance classification for luminaires and retrofit kits. Products submitted to the DLC Premium classification must meet higher efficacy and lumen maintenance requirements outlined in the [Technical Requirements Table](#), must also provide a driver ISTMT (driver temperature) and information about integral controls, in addition to meeting all of the base requirements.

Many of the DLC Members (Utilities) offer higher rebates for Premium products.
