**RapidID**  
TIME SAVING INSTALLATION SYSTEM

# Know *Exactly* Where to Put Each Fixture

*Atlas Site Lighter Pro orders are color and key coded.*

## Detailed Job Installation Packet Shows:

- Fixture Locations
- Fixture Types
- Brackets & Locations

*"Atlas just makes it easy. Everything is tagged and coded, from the paperwork to the product so we know where it all goes. It saves us time, which saves us money."*

**Matt Snyder**  
CONTRACTOR

## Bill of Material

Quantity	Product Name	Description	QA Initials	ENG I

<b>A1</b>	9	SLP22270LED RPT4L4KUSL		
<b>C</b>	3	SLP22270LED RPT54KUSL		
<b>B</b>	16	SLP22270LED RPT54KUSL		
	11	500-RPT90SL		
<b>A2</b>	8	SLP22270LED RPT4R4KUSL		

### Coded Cartons

Every carton is color and key coded to save time during installation.

### Each Fixture is Coded

Even after fixtures are taken out of cartons, they are easily identifiable.

### Fixtures with Rotated Optics

Fixtures with rotated optics are marked to easily see the light distribution.
