Custom Colors Available to Match Your School

The Atlas lineup of high-performance LED area lights are offered with a broad selection of high-quality finishes. Our precision paint system allows for a virtually limitless array of custom colors to perfectly match and enhance your school's unique brand and aesthetics. Like the fixtures themselves, you can trust these durable finishes to stand the test of time, without premature fading, chipping or corrosion.

Energy & Maintenance Savings

- LED fixtures require less maintenance and cost much less to operate
- LED saves 69% of energy vs 400W MH
- Energy savings results in up to \$397 savings per fixture per year versus HID (High Intensity Discharge)
- Go Green - Saving energy reduces carbon footprint

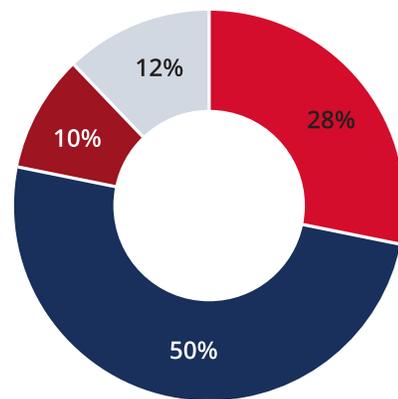

Safety - Bright Students Need Bright Lights

- Well-lighted pathways between destinations help students feel — and stay — safe
- LED lighting offers more even light distribution, leaving fewer dark areas and locations that can be easily targeted by vandals or criminals
- Better lighting improves performance of security cameras
- Longer life results in no burnt-out fixtures on campus

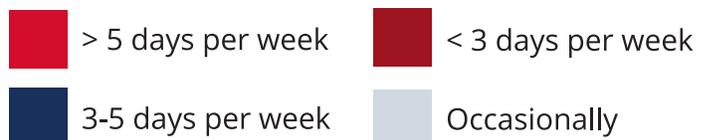

Parent's #1 Concern is Their Child's Safety While on Campus
